WEBINARS
in French
and English

The challenges of agro-ecological transition in 5 North African agrosystems

Coming dates

Registration mandatory

The [MEDAE](#) network (MEDiterranean multiactor network on AgroEcology) is bringing together researchers, farmers and development operators in a series of 5 webinars to discuss the obstacles, levers and challenges of the agroecological transition in 5 representative agrosystems in North Africa: agroforests, oases, cereal plains, peri-urban areas and irrigated valleys.

Details of the webinars will be available shortly, along with the registration link.

How to enhance the role of women in mountain agroforestry systems in North Africa ?

24TH OCTOBER 2023

10:00 - 12:00 (CET)

How can we promote the development and marketing of agro-ecological products in peri-urban areas ?

9TH NOVEMBER 2023

10:00 - 12:00 (CET)

Between traditional and scientific knowledge, how can we improve the resilience of peri-oasis systems ?

23TH NOVEMBER 2023

10:00 - 12:00 (CET)

Climate change: a catalyst for the agro-ecological transition of cereal crops in North Africa ?

7TH DECEMBER 2023

10:00 - 12:00 (CET)

The agro-ecological transition as seen by stakeholders in the field: between challenges and achievements. The case of the irrigated valley of Luxor, Egypt.

14TH DECEMBER 2023

14:00 - 16:00 (CET)
