

NATAE
North African Transition
to AgroEcology

How can we promote the development and marketing of agro-ecological products in peri-urban areas ?

WEBINAR
in French
and English

9TH NOVEMBER 2023

10:00 - 12:00 (CET)

REGISTRATION MANDATORY

Against a backdrop of population growth and rapid urbanization, urban and peri-urban agriculture is at the heart of food, environmental, economic and social issues. It faces numerous production constraints (access to land, pollution, competition for water resources, etc.), as well as marketing constraints. In this webinar, we will examine, through the experience of researchers, development operators and associations, the constraints and levers for developing and marketing agroecological crops grown in the peri-urban areas of 3 African capitals.

This webinar is organised as part of the [NATAE](#) project and the [MEDAE](#) network (MEDiterranean multiactor network on AgroEcology)

● AGENDA

- 10:00 **Opening**
- 10:10 **Issues and challenges of urban agriculture**
Charles-Edouard Dubail, Ex-Director - AFAUP
- 10:20 **Peri-urban agriculture in Pretoria (South Africa) : a review of the current issues**
Danie Jordaan, Senior lecturer – University of Pretoria
- 10:35 **Discussion**
- 10:50 **How to overcome the constraints associated with the intensification of peri-urban agroecological production in Nouakchott (Mauritania) ?**
Cheikh Sidya, Rural development referent - GRDR
- 11:05 **TAFAS : an experiment in short circuits on the outskirts of Algiers (Algeria)**
Karim Rahal, Volunteer – Torba association
- 11:15 **Discussion**
- 12:00 **End of webinar**

24TH OCTOBER 2023

10:00 – 12:00 (CET)
